

Symbol:	AX-EL300W3015
Product groups:	Laboratory instruments

Product specifications

Type of meter:	electronic load
Operating voltage:	0...150V
Operating current:	0...30A
Maximum power:	300W
Dimensions:	84x151x283mm
Kind of display used:	LCD TFT 2,8"
Interface:	RS232, RS485, USB
Operating modes:	constant current, constant power, constant resistance, constant voltage
Standard equipment:	fuse, mains cable, user's manual

Protection:	against reverse polarity, anti-overload OPP, anti-overvoltage OVP, over current OCP, overheating OTP
Measuring instrument features:	battery discharge test, ripple test function
Supply voltage:	100...240V AC

Additional information

Gross weight:	2.8 kg
